

Durty Nelly's Covid-19 Protocol – Bar Customers

Our goal is to maintain and provide a safe and healthy environment for all our customers, employees and suppliers at Durty Nelly's Irish Pub. We have therefore made the following protocol in accordance with advice from the RIVM – the National Institute for Public Health and the Environment:

- The maximum number of customers allowed inside the Pub is limited to 30 people until further notice.
- It is mandatory to have a reservation. Please ask our staff for availability.
- It is also required to take contact details with the reservation.
- If you have a reservation, we ask you to wait patiently by the entrance for a staff member to seat you.
- It is not possible to seat customers at the bar. This is because there is not a safe 1,5m distance for staff, or for those walking through the Pub.
- Staff will be providing full table service – no ordering at the bar.
- We would prefer if customers could pay by card to avoid contact as much as possible
- When using the restroom, please take in consideration for other customers. The restrooms will be cleaned thoroughly every hour.
- If any customers would prefer to drink from plastic, we will be happy to provide this.
- All surfaces that are handled frequently will be sterilized and cleaned thoroughly throughout the day.
- Tables and chairs will be disinfected once each table has finished their experience.
- Staff maintain the right to refuse anyone who does not follow the protocol or is in doubt of their health.
